Attn: Mr. Anthony Mellone

Re: Request for Information Pursuant to Section 104 of CERCLA
Barth Smelting Site, Newark, Essex County, New Jersey

Dear Mr. Mellone:

The United States Environmental Protection Agency ("EPA") is charged with responding to the release or threatened release of hazardous substances, pollutants, and contaminants into the environment and with enforcement responsibilities under the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended ("CERCLA"), 42 U.S.C. §9601, et seq. (also known as the "Superfund" law). For your information, a copy of the Superfund law may be found at www.epa.gov/superfund/action/law/index.htm.

This letter seeks your cooperation in providing information and documents relating to the Barth Smelting Superfund Site (the "Site") located at 99 Chapel Street, Newark, Essex County, New Jersey. EPA encourages you to give this letter your immediate attention. A complete and truthful response should be provided to the attached Request for Information **within 30 days** of your receipt of this letter.

EPA has documented the release and threatened release of hazardous substances into the environment at the Site. The Site has had many uses over the years including various manufacturing and industrial operations and is currently in use today. During its history, the Site was utilized to manufacture batteries, soap and metals. It is currently being used by businesses that maintain and repair containers and commercial and industrial machinery. Our records indicate that your company owns the 99-129 Chapel St. property, which includes Block 2442, Lot 10, the location of the former Barth Smelting facility. Elevated levels of hazardous substances, including but not limited to, lead were found at the Site.

While EPA seeks your cooperation in this investigation, compliance with the Request for Information is required by law. When you have prepared your response to the Request for Information, please sign and have notarized the enclosed "Certification of Answers to Request for Information", and return that Certification to EPA along with your response. Please note that false, fictitious, or fraudulent statements or representations may subject your company to civil or criminal penalties under federal law. In addition, Section 104 of CERCLA, 42 U.S.C. Section 9604, authorizes EPA to pursue penalties for failure to comply with a Request for Information.

Some of the information EPA is requesting may be considered by your company to be confidential. Please be aware that you may not withhold the information upon that basis. If you wish EPA to treat the information confidentially, you must advise EPA of that fact by following the procedures described in the Instructions section which follows this letter, including the requirement for supporting your claim for confidentiality.

If you have information about other parties who may have information which may assist the Agency in its investigation of the Site or may be responsible for the material stored at the Site, that information should be submitted within the time frame noted above.

Please note that if after submitting your response you obtain additional or different information concerning the matters addressed by our Request for Information, it is necessary that you promptly notify EPA. This Information Request is not subject to the approval requirements of the Paperwork Reduction Act of 1980, 44 U.S.C. §3501 et seq.

See the enclosed Instructions for information on how to respond to the enclosed questions and/or information requests. Your response to this Request for Information should be mailed to:

Ms. Bonnie Hriczko

Instructions for responding to request for information

A. Directions

1. A complete and separate response should be given for each question. For each question contained in this letter, if information or documents responsive to this information request are not in your possession, custody, or control, please identify the person(s) from whom such information may be obtained.
2. Identify each answer with the number of the question and the subpart to which it responds. For each document produced in response to this Request for Information, indicate on the document, or in some other reasonable manner, the question to which it applies.
3. Provide responses to the best of your company's ability, even if the information sought was never put down in writing or if the written documents are no longer available. Consult with all present and past employees and agents of your company whom you have reason to believe may be familiar with the matter to which the question pertains.
4. In answering each question, identify each individual and any other source of information (including documents) that were consulted in the preparation of the response to the question.
5. If additional information or documents responsive to this Request becomes known or available to you after you respond to this Request, EPA hereby requests pursuant to CERCLA Section 104(e) that your company supplement its response to EPA within 30 days from the date such information or documents became available to it.
6. If you have reason to believe that an individual other than one employed by your company may be able to provide additional details or documentation in response to any question, state that person's name, last known address, phone number, and the reasons for your belief.
7. If a document is requested but not available, state the reason for its unavailability. To the best of your ability, identify the document by author, date, subject matter, number of pages, and all recipients of the documents with their addresses.
8. If anything is omitted from a document produced in response to the Request for Information, state the reason for, and the subject matter of, the omission.

9. If you cannot provide a precise answer to a question, please approximate but, in any such instance, state the reason for your inability to be specific.
10. Whenever this Request for Information requests the identification of a natural person, or other entity, the person or entity's full name and present or last known address also should be provided.
11. Confidential Information The information requested herein must be provided even though your company may contend that it includes confidential information or trade secrets. Your company may assert a confidentiality claim covering part or all of the information requested, pursuant to Sections 104(e)(7)(E) and (F) of CERCLA, U.S.C. §§ 9604(E)(7)(e) and (F), Section 3007 (b) of RCRA, 42 U.S.C. §6927(b), and 40 C.F.R. §2.203(b).

If you make a claim of confidentiality for any of the information your company submits to EPA, your company must prove that claim. For each document or response your company claims is confidential, your company must separately address the following points:

1. the portions of the information alleged to be entitled to confidential treatment;
2. the period of time for which confidential treatment is desired (e.g., until a certain date, until the occurrence of a specific event, or permanently);
3. measures taken by your company to guard against the undesired disclosure of the information to others;
4. the extent to which the information has been disclosed to others, and the precautions taken in connection therewith;
5. pertinent confidentiality determinations, if any, by EPA or other federal agencies, and a copy of any such determinations or reference to them, if available; and
6. whether your company asserts that disclosure of the information would likely result in substantial harmful effects on your business' competitive position, and if so, what those harmful effects would be, why they should be viewed substantial, and an explanation of the causal relationship between disclosure and such harmful effects.

To make a confidentiality claim, please stamp, or type, "confidential" on all confidential responses and any related confidential documents. Confidential portions of otherwise non-confidential documents should be clearly identified. You should indicate a date, if any, after which the information need no longer be treated as confidential. Please submit your response so that all non-confidential information, including any redacted versions of documents are in one envelope and all materials for which you desire confidential treatment are in another envelope.

All confidentiality claims are subject to EPA verification. It is important that your company satisfactorily show that it has taken reasonable measures to protect the confidentiality of the information and that it intends to continue to do so, and that it is not and has not been obtainable by legitimate means without your company's consent. Information covered by such claim will be disclosed by EPA only to the extent permitted by CERCLA Section 104(e). If no such claim accompanies the information when it is received by EPA, then it may be made available to the public by EPA without further notice to your company.

Describe the nature of any such advice given to Chapel St.
24. Provide all reports, information or data related to soil, water (ground and surface), or air quality and geology/hydrogeology at and about the Site. Provide copies of all documents containing such data and information, including both past and current aerial photographs as well as documents containing analysis or interpretation of such data.
25. Identify all prior operators of the Site, including lessors, of the Site. For each such operator, further identify:
- a. The dates of operation;
 - b. The nature of prior operations at the Site;
 - c. All evidence that they controlled access to the Site; and

- d. All evidence that a hazardous substance, pollutant, or contaminant was released or threatened to be released at or from the Site and/or its solid waste units during the period that they were operating the Site.
26. At the time Chapel St. acquired or operated the Site, did the Company know or have reason to know that any hazardous substance (as defined, above) was disposed of on, or at the Site? Describe all investigations of the Site that the company undertook prior to acquiring the Site and all of the facts on which you base the answer to the preceding question. Provide copies of all relevant documents.
27. Other than Chapel St. and/or Hug, did any other company own, operate or lease the Site, or portions of the Site, to operate a metals manufacturing or smelting business? If yes, list the names of each of the companys, its address, and the nature of its business. Provide copies of all relevant documents.
28. Did Chapel St. generate or have knowledge of hazardous wastes at the Site? Please describe the Company's treatment, storage, and/or disposal practices for any hazardous wastes generated at the Site or any knowledge thereof. Provide copies of all relevant documents
29. Describe in detail how and where the hazardous wastes, industrial wastes, and hazardous substances generated, handled, treated, and stored at the Site were disposed of. If any hazardous wastes, hazardous substances, or industrial wastes were taken off-site for disposal or treatment, state the names and addresses of the transporters and the disposal facility used. Provide copies of all relevant documents
30. Who determined where to treat, store, and/or dispose of the hazardous substances and/or hazardous wastes handled at the Site? Provide the names and current or last known addresses of any entities or individuals which made such determination. Provide copies of all relevant documents
31. Identify all leaks, spills, or releases into the environment of any hazardous substances, pollutants, or contaminants that have occurred at or from the Site. In addition, identify:
- a. When such releases occurred;
 - b. How the releases occurred;
 - c. The amount of each hazardous substances, pollutants, or contaminants so released;

- d. Where such releases occurred;
- e. Whether the releases affected any surface water or if they were released to any storm drains;
- f. Any and all activities undertaken in response to each such release or threatened release, including the notification of any agencies or governmental units about the release;
- g. Any and all investigations of the circumstances, nature, extent, or location of each release or threatened release including, the results of any soil, water (ground and surface), or air testing undertaken; and
- h. All persons with information relating to these releases.

Provide copies of all relevant documents.

32. Has there ever been a spill, leak, release, or discharge of hazardous substances into any subsurface disposal system, septic system, or floor drain inside or under the building? If the answer to the preceding question is anything but an unqualified "no", identify:

- a. Where the disposal system, septic system, or floor drains were located;
- b. When the disposal system, septic system, or floor drains were installed;
- c. Whether the disposal system, septic system, or floor drains were connected to pipes;
- d. Where such pipes were located and emptied;
- e. When such pipes were installed;
- f. How and when such pipes were replaced, or repaired; and
- g. Whether such pipes ever leaked or in any way released hazardous substances into the environment.

Provide copies of all relevant documents

33. Did Chapel St. conduct any assessments, investigations, or cleanup of hazardous substances or wastes at the Site? If yes, identify all environmental contractors and consultants and describe the remediation/action they conducted

or planned to conduct at the Site and the date(s) that the action(s) took place. Provide copies of all letters, reports, and conclusions issued by the contractors and consultants regarding the Site, including the names of the wastes that were disposed of and the location of the facility.

Pursuant to the authority in Section 104(e)(2)(C) of CERCLA, 42 U.S.C. §9604(e)(2)(C), EPA may require any person to furnish information relating to the ability of a person to reimburse EPA's past response costs. Therefore, please answer all of the following questions.

34. Respond to the following requests:
 - a. Provide Chapel St.'s financial statements for the past three fiscal years, including, but not limited to, those filed with the Internal Revenue Service.
 - b. Identify all of the company's current assets and liabilities and the persons who currently own or are responsible for such assets and liabilities.
35. Please provide copies of all insurance policies and indemnification agreements held or entered into by Chapel St. that arguably could indemnify the company against any liability which the company may be found to have under CERCLA for releases and threatened releases of hazardous substances, pollutants, or contaminants at and from the Site. In response to this request, please provide not only those insurance policies and agreements which currently are in effect, but also those which were in effect during the period of the company's operations at the Site. For any policy that you cannot locate or obtain, provide the name of the carrier, years in effect, nature and extent of coverage, and any other information you have.
36. For each legal action brought against current or prior owners, tenants, or site operators/managers of the Site regarding Site operations, permitting, or environmental matters, provide:
 - a. The caption name, jurisdiction, and docket number (e.g., U.S. v. Owner (D.N.H. 92-003));
 - b. The date such action was initiated;
 - c. The names of parties to the action; and
 - d. The final disposition or current status of the action.
37. Identify all individuals with knowledge of facts relating to the responses provided to this Request for Information. Identify each individual who assisted or was

consulted or who answered on behalf of the company in the preparation of its response to this Request for Information, and specify the question with which each person assisted in responding.

38.
 - a. Do you have any additional information or documents that may help EPA identify other companies that may have been the source of, or otherwise responsible for, the hazardous substances or industrial wastes that came to be located at the Site? If so, please provide that information and those documents and identify the source(s) of your information.
 - b. In addition, identify all individuals (other than those identified in your response to Question 37.) who may have information or documents relating to the generation, handling, storage, transportation, or disposal of the hazardous substances or industrial wastes that came to be located at the Site.
